This book contains proven steps and strategies on how to perform the best sex positions to make sex more pleasurable, more intimate, and more fun for you and your partner!

Routine stimulation signifies the death of a relationship. Performing the same old positions every time strips off the mystery in sex and lessens the excitement. So before sexy time starts turning into real yawn, it's time to get creative. Hook your partner forever with new positions that will allow you to explore each other in a completely different angle.

Everybody's got an angle. What most people don't know is how much they're missing out just because they lack variety in their bedroom positions. So many women wonder why they're unable to orgasm. Likewise, so many men experience anxiety over not being able to hold it in long enough to please their partners. What they don't realize is that it's all a matter of positioning. A bend of your knee here and a tilt of your hip there can make all the difference between humdrum humping and multiple mind-blowing O's.

To have a better sex life, it's not enough to just switch up your bedroom positions. You need to change up the setting as well. Increasing your knowledge of sex positions will allow you to get down and dirty in places beyond the bedroom.

Whether it's intimacy, prolonged pleasure, or more earth-shattering orgasms that you're after, this book will take you through a step-by-step guide on how to have sex in the top 17 must-try positions. More than that, you'll benefit from the generously sprinkled tips to maximize these positions and help you become good in bed!
