During a high end job, thief Emma Watson gets unwittingly trapped "on the job" after a tripped alarm locks her in a vault. When she finds a skeleton key, a mysterious door appears at the back of the room. The key fits, but instead of finding freedom on the other side, she finds herself in an unfamiliar world where the only two species, witches and wolves, are at war. When she is caught in the magical crossfire, a gorgeous wolf shifter, Keir D'San, rescues her. But when she begins to manifest magic, it sets her on a dangerous path that may lose her the only man she's ever wanted to love.

Keir has spent his entire life fighting witches. When he comes upon a spirited woman in the middle of another battle with his bitter enemy who is neither a witch nor a wolf, he rescues her. Their chemistry is instant and their attraction explosive. But when Emma begins to turn into the enemy, Keir has to choose between his clan or the woman he knows is his true mate.
