The saga continues where the names change, but the game remains the same. When technology was incorporated into the oldest profession known to man it created a new generation of high tech participants. With the assistance of Wi-Fi and terabytes of RAM a once underworld elite trade has reached infinite levels of entrepreneurship. As Money Clip and Finesse merge over into the slower lanes of the game's highways, Lil Juan appears in high definition and Turn't up to pull more cards than a Black Jack dealer with the knowledge they embedded in him. Holding a double down hand with an astute dealer paying close attention to his every motion, will his next card be a bust? You'll need more than twitter account to follow his journey through the world of his infinite Isum. Will you play out the hand or fold as you take this virtual trip that has had so many baffled throughout history? It's been said and proven over time that there's no honor among thieves is where it has become mandatory to collect the money before you get the honey . Gamblers use the term "Money on the green before the dice are seen." Similarly the men and women of leisure adopted the phrase; "Purse first ass last!" Follow as Jay Mack and Tangy share their experiences applying these rules of the game into their everyday lives.
