One way to lower the cost of college is to pay instate tuition rates vs. out of state rates. Do you know what each college requires? If a student were to attend a state supported college or university that is not their state of residency, they will normally pay out-of-state tuition. This cost could be two or three times higher than what in-state students may pay. Many families contact me every year and ask how they could qualify as state residents so the student can receive in-state tuition. Almost every state has residency requirements that prevent out-of-state students from receiving in-state college tuition. Read more to find out what is needed to lower your out of state tuition bills.
