Jeanine is an average young woman with a little extra weight, a boring social life, a nice and neat job, and a huge problem. The company she's working for is trying to kill her! When her daily audit uncovers a drug running scheme and she finds herself in possession of sensitive data that will expose the corporation's crimes, she suddenly finds herself barely ahead of some very bad men looking to make her disappear. Her only savior is Danny, her hard-bodied, stone-hearted bad boy neighbor. Danny is a jerk. A hot, alpha jerk with steel grey eyes ... and Jeanine can't keep away from him for long.

### Book 1 - Rescued in the Night

My name is Jeanine, and I really miss my neat, normal life.

Mostly.

When my audit of a big pharmacy company comes up with some drug running information that can get me \*killed\*, I'm not exactly thrilled to be running for my life with my rough and tumble hard-case of a neighbor, Danny. He's bossy and forceful, and he also saved my life.

He's a jerk. A hot, hard-bodied jerk. With steel grey eyes. And even though I'm exhausted and can't think straight, and these men are trying to kill me to cover up the company's corporate crimes, I can't take my eyes off of Danny.

### Book 2 - On the Run

Being on the run with my hot bada\$\$ of a drug enforcer neighbor isn't exactly my idea of a good time, but it does have its perks. Believe me--with the goons chasing us, trying to kill me, the lack of sleep, the stress and bullets flying--it's tough being on the run with my bad boy neighbor.

My name is Jeanine, and I'm a normal woman with a neat and boring life, performing accounting audits at my new job for a big pharmacy company. That is, I was. Until the flash drive dropped on my desk set this crazy escapade into motion. Now, Danny and I have to recover the sensitive data from where I stashed it yesterday, and get it into the right hands, before I and my discovery are erased.

I did mention the perks, right?

Danny is rough man with a hard body and a hard soul. He saved my life, so I'm going to help save his.

### Book 3 - Exposed!

I'm Jeanine. A typical modern woman, regretting my choice of employer, now that the company I audited is trying to kill me! Danny is my neighbor--a hard and hot bad boy from down the hall, a drug enforcer sent to spy on me who has decided to save my life.

Now that Danny and I have the means to expose the corporation that's trying to make me disappear, we're on the run and trying to get the data to a news source that will reveal the drug running I accidentally uncovered.

Danny is dealing with facing down his old comrades, and I'm dealing with ... am I falling in love with this battle-hardened alpha male? Maybe I'll end up saving \*his\* life...

\*\* These books of the "Saved by my Bad Boy Neighbor" series are quick reads (an hour or two each), riveting with suspense and action, and hot and steamy as hell. If you like a story about a normal, slightly overweight everyday girl hooking up with an alpha bada\$\$ to save her skin, dig in and enjoy. I promise there'll be a happy ending.
