Amid the ruin, heroes emerge from the unlikeliest places... The Anniversary Day bombings devastated the Moon, killing thousands. While survivors search for missing loved ones and the rich and powerful set plans in motion to capitalize on the Moon's misfortune, one ruthless man vows to uncover those responsible for the attacks on the Moon. Luc Deshin, the most feared man in Armstrong, knows all too well the bombings could have killed the wife and son he loves more than life itself. To protect his family, Deshin immerses himself in a criminal network he fought long and hard to leave behind. Deshin doesn't scare easily, but what he finds in the black market underbelly of the Moon will chill him to the bone. "Fans of Rusch's Retrieval Artist universe will enjoy the expansion of the Anniversary Day story, with new characters providing more perspectives on its signature events, while newcomers will get a good introduction to the series."

—Publishers Weekly on *A Murder of Clones* "Filled with plenty of action, a deep cast and an intense philosophical ethical debate re what a human is; the third Retrieval Artist Universe: The Anniversary Day saga is a fantastic thriller as the audience obtains new perspectives re the pivotal tragedy. Readers do not have to wait eight years for all the books to be released. Instead of an annual publication, this excellent science fiction series is on a monthly schedule; having started last November and December with *Anniversary Day* and *Blowback* respectively, and *Search and Recovery* to follow in February."

—Alternative Worlds II on *A Murder of Clones* "Anniversary Day is an edge-of-the-seat thriller that will keep you turning pages late into the night and it's also really good science fiction. What's not to like?"

—Analog on *Anniversary Day* "Rusch offers up a well-told mystery with interesting characters and a complex, riveting storyline that includes a healthy dose of suspense, all building toward an ending that may not be what it appears." —RT Book Reviews on *Blowback*
