An Invitation to Morse Theory (Universitext)

Liviu Nicolaescu

An Invitation to Morse Theory (Universitext) Liviu Nicolaescu

This self-contained treatment of Morse theory focuses on applications and is intended for a graduate course on differential or algebraic topology, and will also be of interest to researchers. This is the first textbook to include topics such as Morse-Smale flows, Floer homology, min-max theory, moment maps and equivariant cohomology, and complex Morse theory. Some features of the second edition include added applications, such as Morse theory and the curvature of knots, the cohomology of the moduli space of planar polygons, and the Duistermaat-Heckman formula. The second edition also includes a new chapter on Morse-Smale flows and Whitney stratifications, many new exercises, and various corrections from the first edition.

From reader reviews:

Herman Nelson:

Have you spare time for a day? What do you do when you have more or little spare time? Sure, you can choose the suitable activity to get spend your time. Any person spent their spare time to take a stroll, shopping, or went to the Mall. How about open or even read a book called An Invitation to Morse Theory (Universitext)? Maybe it is being best activity for you. You already know beside you can spend your time with your favorite's book, you can better than before. Do you agree with its opinion or you have various other opinion?

Conrad Degregorio:

Here thing why this kind of An Invitation to Morse Theory (Universitext) are different and reputable to be yours. First of all reading a book is good however it depends in the content from it which is the content is as delicious as food or not. An Invitation to Morse Theory (Universitext) giving you information deeper and in different ways, you can find any publication out there but there is no guide that similar with An Invitation to Morse Theory (Universitext). It gives you thrill reading journey, its open up your own eyes about the thing this happened in the world which is probably can be happened around you. You can bring everywhere like in recreation area, café, or even in your approach home by train. When you are having difficulties in bringing the imprinted book maybe the form of An Invitation to Morse Theory (Universitext) in e-book can be your alternate.

Scarlet Rome:

Playing with family in the park, coming to see the water world or hanging out with close friends is thing that usually you might have done when you have spare time, and then why you don't try issue that really opposite from that. A single activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love An Invitation to Morse Theory (Universitext), you may enjoy both. It is good combination right, you still need to miss it? What kind of hang type is it? Oh can occur its mind hangout guys. What? Still don't get it, oh come on its identified as reading friends.

Victoria Manson:

Is it you actually who having spare time after that spend it whole day by simply watching television programs or just lying down on the bed? Do you need something new? This An Invitation to Morse Theory (Universitext) can be the answer, oh how comes? The new book you know. You are so out of date, spending your time by reading in this brand-new era is common not a nerd activity. So what these books have than the others?
