Flashpoint CPA Review - Business Environment & Concepts 2010 Daniel Twyman

Flashpoint's review book was written with one goal in mind - to prepare students for the CPA exam in the shortest amount of time possible. This book was specifically designed to help pass the exam, not to explain every minor detail of the accounting profession. Brief explanations and simple examples are used to teach the material quickly. Students will not find page after page of boring FASB statements or in-depth analysis of complex accounting procedures. Instead, they will find bold headings, plain English descriptions, and pointed examples to help them quickly understand the material. Anyone looking for a simplified review will find that this book is a quick and powerful way to prepare for the CPA exam. For more information, visit <http://www.flashpointcpareview.com>
