You Won't Leave Here Alive (You Won't Leave Here Alive Series Book 1) Nick Sanders

Celebrating the Seventy-Fifth Anniversary of Agatha Christie's Best Selling Mystery of all time, And Then There Were None, comes a novel of suspense where people die one by one in the direst of circumstances.

You Won't Leave Here Alive

A group of thirty-something strangers linked only by one common past acquaintance are invited, under false pretences, to spend Christmas in an isolated mansion in the Austrian Alps.

In the early hours of the morning of the first night of their stay, the Christmas celebrations are put on hold as their beautiful host finally shows up in an unexpected and grisly fashion. The remote, dream-like castle on the mountain suddenly becomes a nightmarish prison when the cable car, their only route down, is sabotaged.

The realisation hits them that they have been lured into the middle of nowhere by a maniac intent on enacting a sacrificial design that makes sense only to him...or her.

When the worst snowstorm Austria has known for a century cuts off the guests from any communication to the outside world, fear and paranoia becomes a way of life. The second night a guest goes missing whilst another dies amidst suspicious circumstances, and it becomes clear that there is indeed a killer among them, and that any one of the remaining guests could be his – or her - next victim.

When further guests start to be found dead in increasingly more mysterious - and frightening - circumstances, the survivors quickly realise that they must discover the killer if they are to prevent their own demises.

With only a handful of members of the original group remaining, they attempt to trust each other, but the question still remains, who can you really trust your life with in a house of complete strangers?
