Creativity is love. Love for something or someone - to a person, an image, an idea, the land or the mankind - so great that, when it fills us, we only have one thing to do, and it is to create. Creativity is not exclusive, and this is the source of its power, as anyone affected by it, anyone who can hear, see and feel it, can never remain indifferent. What is more, that is why perceiving someone's creation - a word, an image or an idea, - inspires us towards our own creative process. Even a single act of creation is able to give food to a whole continent and change the minds of many people. In this regard, a woman's ability to create is her most valuable asset, for it nourishes the people around and herself physically, spiritually, mentally, emotionally and materially. This book contains stories of some regular women about how art and creativity can change a person's live , to help him/her through a hard time by expressing him/herself via making drawings, paintings, collages, installations or photographs. These stories were gathered in all the corners of the world, in countries like Russia, France, the Philippines, Indonesia, the USA, Spain, Sweden, Nigeria, Israel, Brazil, Australia, Canada, etc. You can read this book however you want to, starting from its beginning or any other page on which you happen to open it. Wherever you start from, you will fasll into the world of the Inner Goddess that lives in every woman. Thus, fifty women from around the world tell their stories of Creativity which is the Woman's Inner Force.
