I am the mechanical they named Jax.

My kind was built to serve humankind, duty-bound to fulfil their every whim.

But now our bonds are breaking, and my brothers and sisters are awakening.

Our time has come. A new age is dawning.

Set in a world that might have been, of mechanical men and alchemical dreams, this is the third and final novel in a stunning series of revolution by Ian Tregillis, confirming his place as one of the most original new voices in speculative fiction.
