Glass slippers. Who in the world wears glass slippers?

For Cinderella, her **wickedly taboo** life at home is the magic formula for happily ever after. The **men of the house** take care of her every need, and when they're not around the **woman of the house** is always glad to help out. But when a sadistic prince sets his sights on her to be his next wife and a meddling fairy godmother with a drinking problem appears to make matters even worse, Cinderella's whole life is turned upside down. At the ball the prince wants to take her **hard and without protection** - and do lots of other **very naughty** things to her as well. Will Cinderella ever get back to having her happy endings at home?
