Continuing Titan's bestselling Transformers collections, this never-before-collected reprint of the extremely hard-to-find Transformers UK comic material collects the Fallen Angel storyline, which relates directly to the events of the DVD smash-hit Transformers: The Movie! Galvatron has yet again managed to jump back into Earth's past - but it looks like this time his circuits are really fried, as he initiates a plan to harness an explosion of unimaginable destructive power, and make himself a god! Now, it will take the combined power of the Dinobots, Ultra Magnus, Rodimus Prime and the Decepticons to stop him and save Earth - not to mention a certain crazy bounty hunter from the future - named Death's Head, yes?
