Technology for Teachers: Mastering New Media and Portfolio Development with Free Student CD-ROM Joe Howell, Steve Dunnivant

This combination CD-ROM and workbook of technology activities for pre-service teachers is designed for the Educational Technology or Technology for Teachers course found in all teacher preparation programs. The CD and portfolio-development workbook focus on what students learn and how they learn it rather than on what teachers say and do. The CD models innovative instructional techniques for classroom use. In the process students create a portfolio of technology learning activities which they can use when seeking their first teaching assignment. Exercises range from the conventional (multiple-choice quizzes and term identification) to the innovative (online journals and interactive Web exercises).
