John Marchment has produced the revisions for this edition of the RCC's well-known guide to the long Spanish Mediterranean coast between Gibraltar and Denia. This is an important pilot for yachts coming to and from Northwest Europe and the Atlantic from the Balearic Islands and more distant parts of the Mediterranean. The clear sailing directions provide all the essential information for passage making or hopping along the coast between harbours and anchorages. This new 6th edition has been extended to include better coverage of the Strait of Gibraltar and the Spanish enclaves of Melilla and Ceuta in Morocco. This edition contains new photographs and routine updating of the details of harbours and anchorages.
