One Boy. One Choice. No Second Chances

There are secrets that can make you laugh and cry, secrets that can make you love and hate.

I'm Q : Video-Gamer, Cookie-Addict, Professional Couch-Potato. And I just stumbled onto a secret that will probably kill me.

But hey, it's not like I did it on purpose. I really didn't mean to find a hidden lab underneath my house, and I certainly didn't mean to open a forbidden vault of secrets; secrets that could lie, cheat and terrorize, secrets that could torment my body and torture my mind.

People say teenagers are experts at surviving in mysterious new worlds.
And I'll be damned if I don't prove them right.

I'm Q : video-gamer, cookie addict, couch-potato, and totally screwed.

If you liked Star Wars and Ender's Game then you'll love the Quest Saga!

Author interview

Q - So what makes the Quest Saga so special?

A -What makes this series special is that it dares to go beyond cultural norm, and fuse together fantasy and science fiction - an ideal that only star wars has pulled off so far. Overall this is an action packed adventure that promises to be exciting and thrilling on every single page - and I've made sure there's never a dull moment.

Q - What kind of series is the Quest Saga?

A - It's a mix of things basically, which makes it really hard to select a proper genre for it. I'd say it's primarily a Young Adult Space Opera book. That makes you think it's Science Fiction, which is partly true,

but this book has strong elements of Paranormal fantasy, which is initially weird to think about. I was very worried if people would like books which fused together dominant elements of both Fantasy and Science Fiction in a Space-Opera/Space-Exploration world. A reader then told me that she felt the Quest Saga Universe closely resembled Star Wars, and that comparison has stayed with me every since. If you asked me to sum up the whole series in one sentence, I'd say it was "Star wars a la Rick Riordan"

Q - Why should readers give these books a try?

A - Well, I'd say if someone wanted a quick easy read with action-packed adventures, this is the novel for them. Most people love space exploration adventures, and this one combines them with another amazing story tool - magic. So if you want to know what would happen if magic existed in a high-tech space world, this is the book for you.

Q - How many books are in the *Quest Saga*?

A - I've planned this out to be a series of five books. So far there are four stories, and the last one should be out by the end of April.

- ConQuest (<http://www.amazon.com/dp/B00HV4Y3VK>)
- ZeQuest (<http://www.amazon.com/dp/B015T56UBS>)
- AcQuest (<http://www.amazon.com/dp/B015RYI2NU>)
- EcQuest (<http://www.amazon.com/dp/B01C592P10>)
