Einstein's Jury: The Race to Test Relativity Jeffrey Crelinsten

Einstein's Jury is the dramatic story of how astronomers in Germany, England, and America competed to test Einstein's developing theory of relativity. Weaving a rich narrative based on extensive archival research, Jeffrey Crelinsten shows how these early scientific debates shaped cultural attitudes we hold today.

The book examines Einstein's theory of general relativity through the eyes of astronomers, many of whom were not convinced of the legitimacy of Einstein's startling breakthrough. These were individuals with international reputations to uphold and benefactors and shareholders to please, yet few of them understood the new theory coming from the pen of Germany's up-and-coming theoretical physicist, Albert Einstein. Some tried to test his theory early in its development but got no results. Others--through toil and hardship, great expense, and perseverance--concluded that it was wrong.

A tale of international competition and intrigue, *Einstein's Jury* brims with detail gleaned from Crelinsten's far-reaching inquiry into the history and development of relativity. Crelinsten concludes that the well-known British eclipse expedition of 1919 that made Einstein famous had less to do with the scientific acceptance of his theory than with his burgeoning public fame. It was not until the 1920s, when the center of gravity of astronomy and physics shifted from Europe to America, that the work of prestigious American observatories legitimized Einstein's work. As Crelinsten so expertly shows, the glow that now surrounds the famous scientist had its beginnings in these early debates among professional scientists working in the glare of the public spotlight.

From reader reviews:

Robert Haas:

What do you about book? It is not important to you? Or just adding material when you require something to explain what you problem? How about your extra time? Or are you busy man? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Everybody has many questions above. They must answer that question simply because just their can do that will. It said that about publication. Book is familiar on every person. Yes, it is proper. Because start from on jardín de infancia until university need this particular Einstein's Jury: The Race to Test Relativity to read.

Tara Gamboa:

Your reading sixth sense will not betray you, why because this Einstein's Jury: The Race to Test Relativity publication written by well-known writer who really knows well how to make book that can be understand by anyone who else read the book. Written throughout good manner for you, still dripping wet every ideas and creating skill only for eliminate your hunger then you still uncertainty Einstein's Jury: The Race to Test Relativity as good book not merely by the cover but also from the content. This is one guide that can break don't ascertain book by its handle, so do you still needing a different sixth sense to pick that!?! Oh come on your looking at sixth sense already said so why you have to listening to an additional sixth sense.

Henry Perry:

The book untitled Einstein's Jury: The Race to Test Relativity contain a lot of information on the idea. The writer explains the woman idea with easy technique. The language is very clear and understandable all the people, so do not necessarily worry, you can easy to read the item. The book was compiled by famous author. The author brings you in the new age of literary works. You can actually read this book because you can keep reading your smart phone, or device, so you can read the book inside anywhere and anytime. If you want to buy the e-book, you can open up their official web-site along with order it. Have a nice learn.

Debra Espiritu:

You can spend your free time to learn this book this book. This Einstein's Jury: The Race to Test Relativity is simple to create you can read it in the park your car, in the beach, train in addition to soon. If you did not have got much space to bring the printed book, you can buy the e-book. It is make you easier to read it. You can save often the book in your smart phone. Consequently there are a lot of benefits that you will get when you buy this book.
