Deep Justice: a Silo story (Karma Book 3)

Patrice Fitzgerald

Deep Justice: a Silo story (Karma Book 3) Patrice Fitzgerald

"One of the sharpest minds and clearest voices writing today."

Hugh Howey, author of WOOL

Karma has endured twenty-five years underneath the earth. Her path in life—a path she never bargained for—has included marriage to a man she never chose, whose powerful position forces her to hide her memories of the time before.

On the day her son takes as his bride a girl from the Down Deep, an explosion resounds throughout the Silo. Is the anger and frustration of the people spilling over to the long-feared uprising?

As the toxic view of the Outside still lurks on the wallscreen, and the inside erupts in ever more violence, Karma must strike out to protect her family.

This is a novella based on Hugh Howey's **WOOL** books, and is the third of five best-selling ebooks in the Karma series.

Karma of the Silo: The Collection, which includes all of the episodes in the Karma series, is available now as an ebook, to be followed by a print edition.

Praise for Patrice Fitzgerald and the Karma series

A definite PLUS to the Wooliverse, and a must read if you want to be well-versed in all things WOOL!

Michael Bunker, author of **Dunes over Danvar, Pennsylvania, The Silo Archipelago, and WICK**

The author does a fantastic job of retaining the atmosphere and claustrophobia of life underground and the characters are carefully constructed, exploring not only the effects of Silo life on the family dynamic, but the often complex relationships between the different Silo classes through the eyes of Karma and her family as

she realises who she really is and has to decide whether to remain subdued and forget her past life, or choose a different path than the one chosen for her and challenge the status quo.

Eamon Ambrose, "Eamo the Geek"

Fitzgerald has created another masterpiece here. She has such an immediate style of writing which grips you from the start and takes you on a wild journey through the desperate lives of those living in the Silo.

W.J. Davies, author of **The Runner** and **The Diver**

*I think I'm in love with Karma. I was curious about her life when Hugh Howey mentioned her in **SHIFT**. I highly recommend, not just this book, but this whole series!*

Hanna Elizabeth, author of **Visions of Wool**

Fitzgerald's characters come alive and threaten to leap off the page, they are so engaging.

Jerilyn Dufresne, author of **Who Killed My Boss? Any Meat in that Soup?** and the Sam Darling Mysteries

***The Sky Used to be Blue** manages the difficult feat of placing itself within the existing narrative, just like a missing piece of the great puzzle, and not just a parallel story or spinoff. It is well-written, gripping and filled with suspense. All the ingredients necessary are here: good writing, action and unexpected twists, characters you care about, and a deeper meaning.*

Max Zaoui, critic extraordinaire

Patrice is a sci-fi, political thriller, and mystery writer who had a past as an intellectual property attorney. She also runs a niche indie publishing company and is a professional mezzo-soprano in her spare time. She's the Mom of four (pretty) adult children. She lives on the water in New England with her husband and is thrilled to be a successful indie writer.
