## Story Behind the Book

"As I was writing *For Women Only* to help women understand the inner lives of men, over and over I heard that men wished there was a way to understand their wives, but they felt it was probably impossible. I heard from them, 'You are writing this little slim volume about men, but if it was about understanding women, it would have to be the size of an encyclopedia! Women are random and complicated!' These men were surprised and encouraged when I assured them that women are neither random nor complicated, and we can be understood. Men just want to love their wives well, and *For Men Only* will help them do that."
