A must-read!" - Peggy McColl, New York Times best-selling author of Your Destiny Switch

This is real life experiential book, inviting you to an epic quest of discovery and adventure into the mystery of your soul, to unravel your ultimate goal.

It's a toolbox and a story of struggle before glory. It relates to everyone alive today, contributing to our joined future reality.

Reality is our collective mindful decision to interact with our awareness. The outcomes of that interaction create our manifested experience. This is how Magic becomes Logic.

Dr. Hisham says: "I have a dream to evolve unity through our magnificent diversity. We are unique but also interconnected, interwoven and interdependent in every way. So together we must play."

This dream for us to unite can only happen if WE all appreciate and accentuate the powerful activity that is the Conscious Mind. Through that increased awareness, we create more relevant knowledge, which we can then share by telling our stories in different ways.

Then we can LEAD better and better lives, together.

To do any of this and evolve, we first have to update our paradigms and get out of our box. Then help others do the same, thus leading and mentoring each other to greatness, during our journey through the 4th dimension of time.

The essence of true leadership is to serve, while accepting the rewards you deserve.

This book is a tool that inspires and practically teaches people simply and clearly how to do and be their best at everything they do, by learning the steps necessary to overcome fear and build their own influence network.
