Biomedicine: A Textbook for Practitioners of Acupuncture & Oriental Medicine Bruce H Robinson MD

This beautifully designed two color book is filled with over 100 detailed illustrations to help the reader better understand the materials being presented. Red flag cases are included and clearly explained to help the practitioner decide when an immediate referral is necessary. This book covers many Western diseases you will encounter and is clearly written for practitioners of Chinese medicine. With this textbook you will learn the clinical presentation and treatment of the major diseases seen in Western medical practice today, and how to confidently interact with Western medical practitioners.
