Duty: Brotherhood of the Magistrate Order Amanda Anderson

Forged in the darkness of time by dragon's fire and blood, these men were sworn to protect the weak, both shifter and human alike. Oaths sworn to the first queen of their people and upheld until the end of all days.

River leads this band of misfits, now ruled by the corrupt Council that destroyed their beloved queen, they must do the will of those that they despise. Forced to be nothing more than hired thugs for those who seek their destruction.

River must find a way to break his ties with the Council before his magistrates lose their souls to the darkness, but he will not ask them to break their oaths. He cannot.

When he is given a choice, betray his brothers and save his one true mate or sacrifice everything for a chance to save his brother from madness, he is torn in two.

How can he live with either choice?

It isn't until he gets help from an unknown benefactor that his choice becomes clear.

This is the first in a three part series.

She would be reborn as all dragonmates were, but it would be a race to find and claim her before his enemies took her again. Then he would grow to his full power and nothing would ever take her from him, if he could claim her.

Amanda Carter was on the run from a viscous ex who thought she made an excellent punching bag. She had stepped out of her comfort zone and moved to a tiny Georgia town because Farley would never expect that, but when nine burly men walk into her library she thought she was dead. How could she possibly have known that these men were there to protect her?

Why on earth would anyone come for her?

Her life was about to change.

Everything she knew about her world would soon be shattered and one man would put it all back together, that is if they survived...
