El ladron de meriendas es un ironico pero tierno recorrido por la cara mas humana del homo sapiens, con personajes cuyo realismo surge precisamente de la penetrante y compasiva mirada de don Salvo. El duro universo de la inmigracion ilegal, de los barrios populares mediterraneos, de los frios burocratas al servicio del Estado, o el de la solidaridad femenina aparecen plasmados con pasmosa nitidez en cada una de las escenas de la novela, convirtiendonos inevitablemente en testigos y complices no solo de la intriga sino tambien de un entorno que acaba siendonos sorprendentemente familiar. / In the third book in Andrea Camilleri's Montalbano series, the urbane and perceptive detective exposes a nest of corruption and international intrigue in a compelling new case. When an elderly man is stabbed to death in an elevator and a crewman on an Italian fishing boat is shot by a Tunisian patrol boat, only Montalbano suspects the link between the two incidents.
