You are buying this textbook directly from its author, Charlie Dang. Compassionated with the fact that college students are tormented after they fail a series of written tests or university graduation writing proficiency exams, and that a graduate student at San Diego State University kills one professor and wounds three others of his thesis committee with a gun (in 1994) after he fails to defend his Master's Degree thesis the third time, Charlie Dang flees the ruins of his own mind after his daring and fateful trip across the Pacific Ocean on a little fishing boat from his homeland - Vietnam - to give birth to this brainchild, with a desire to help his student peers pass such written tests or university graduation writing proficiency exams with ease and be able to write correctly, creatively, effectively, accurately and consistently regardless of the subjects. Composed with 538 pages of comprehensive English grammar, the book is structured to progress from the most basic step to the most advanced level of comprehension, including practice exercises, essay-writing techniques and tactics, effective writing skills, and sample tests that are almost identical to those being administered on campuses. The English-Vietnamese version of this book will also be soon available on this web site.
