“They were going to have to learn to accept this, to share, to let the mark link the three of them.”

After being captured by his tribe, Reza, resident bad-boy, must defeat his nemesis Chaiya in a fight to save the lives of his new partners.

Cressida Avery and her two alphas, however, begin to wonder what will happen next? Cressida and Captain Kelly speak of going home -- but where is home, and what does it look like?

It could be that their greatest adventure was never going to be the mysterious island, and their treasure is not the fabled jewel -- perhaps the real adventure is carnal...and the truest peril lies just ahead of them.

The Alphas of Black Fortune is a 5-part series featuring hot alpha shifters, ripped bad-boy pirates, and steamy menage romance.
