**CULTURE** Lisa Gezon, Conrad Kottak

McGraw-Hill conducted extensive research to gain insight into students' study behavior and instructor needs. We learned that students want visual appeal and content designed according to the way they learn, while instructors need a way to engage their students without compromising on high quality content. From this, we created the M Series (a series of magazine style textbooks).

CULTURE is the latest addition to the series. This new magazine style text for the Introduction to Cultural Anthropology course offers solid scholarly content and an engaging design that will captivate your students. Through memorable eye-catching pedagogical features, students develop a better understanding of the material and will retain a greater amount of course concepts. This book presents cultural anthropology in a way that is both captivating and relevant to today's student at a price that they prefer.

More current, more portable, more captivating, plus a rigorous and innovative research foundation adds up to: more learning. When you meet students where they are, you can take them where you want them to be.
