Jezebel...Delilah...Salome...conceived as villainesses or even worse, mere foils to men of virtue, these characters are anything but minor. Their names endure beyond the original testaments that first brought them to life. Their stories of temptation and seduction, betrayal and rebellion, continue to enthrall us because the choices these women made are the same choices that are with us in every age.

This collection of poignant poems richly reimagines the lives of ten of the Bible's most infamous women and tells their story from their point of view. Why would Eve eat the forbidden fruit? What was Lot's Wife thinking before she turned around and became a pillar of salt? How did Bathsheba settle her fate after learning the lustful attention of her king cost her the life of her husband?

At times racing with the erotic energy of a transgressive moment, these poems ultimately come to rest in the more meditative times just before or after the wicked deed, offstage, when these women wrestle with the parts they've been given to play and ask: confronted with the same choices, what would you do?
