Standing on Marbles Karol M. Wasylyshyn

In this volume, renowned psychologist, executive coach, and poet Dr. Karol Wasylyshyn explores through verse what she has written about frequently in professional journals: three leadership types she calls the Remarkable, Perilous, and Toxic. Working from the experience of over 300 coaching engagements with some of America's foremost business leaders, she takes readers of *Standing on Marbles* to places few others have gone: into the very psyche of our highest achieving business leaders. In the spare lines of these vignettes, drawn from engagements where Wasylyshyn collected a life history, conducted psychological testing, and obtained organizational performance data, we are reminded that those with big responsibilities have obvious talents, but often also torments that can bedevil-or serve-others. *Standing on Marbles* provides an opportunity for readers to fine tune their own understanding of what leadership means, in terms of both the inner life and its outer effects. Whether you are a leader now, an aspiring leader, or even if you have no desire to ever lead anyone, there is likely something here for you-if only because you have had and likely will have bosses. This volume is illustrated with the stunning digital imagery of Richard McKnight.
