The Hunting Command (GreyAreas Triptych)

Macalister Stevens

The Hunting Command (GreyAreas Triptych) Macalister Stevens

12 years ago. Sandanski, Bulgaria:

A teenager climbs aboard a dusty minibus believing she has a singing job in Greece. She is wrong.

12 years later. Vienna, Austria:

A motorcade is attacked. The US Vice President is taken. \$1billion is demanded. Unknown to the plot's architects, their plan has been hijacked.

Crimes, past & present, are about to collide.

Part kidnap-procedural, part political thriller, part origin story, The Hunting Command introduces Kai Degen: a dark, modern-day Robin Hood. Think Danny Ocean channelling Jack Bauer.

This novel is part of the GreyAreas Triptych: The Hunting Command / Slipping / Theseus of Ship. Each of the three books can be read as a stand alone novel (in different but overlapping genres); together they tell their own story.
