The Lan Manager's Internet Connectivity Guide Sidnie M. Feit

Aimed at LAN managers, this guide provides a comprehensive LAN-specific Internet reference. It covers the topic from numerous angles, showing how to link LANs to the Net safely and how to make the Net's resources fully available to LAN users. Extensive how-to case studies are included. Features include: case studies from LAN managers who have connectewd their LANs to the Internet; security concerns are integrated into every step, rather than tacked on as an afterthought; covers working with Internet service providers; and provides the technical information needed to implement, maintain and monitor and connection. Sidnie Feit is the author of "SNMP: A guide to Network Management" and "TCP IP: Architecture Protocol and Implementation".
