Born Again American Michael Gorton

Corey Adams once believed she could accomplish anything. She took that belief to college, but like many people, when bad things continued to occur in her life, she fell into the safety net provided by the US government's welfare system. As the years passed, she came to rely more and more on Uncle Sam's help. She lost her drive, her ambition and her love of life... that is, until Aaron Billings showed up at her door. The two set off on a jeep adventure to explore America. The Book: Born Again American was originally written as a story line for Shelley Laine's song: **Born Again American**. Like many inspirational tales, the short story got a life of it's own.
