Computer-Aided Pattern Design and Product Development

Alison Beazley, Terry Bond

Computer-Aided Pattern Design and Product Development Alison Beazley, Terry Bond

The use of computers has opened up remarkable opportunities for innovative design, improved productivity, and greater efficiency in the use of materials. Uniquely, this book focuses on the practical use of computers for clothing pattern design and product development. Readers are introduced to the various computer systems which are suitable for the industry, the principles and techniques of pattern design applied to computer systems are explained, and readers are shown how product data management can be used in clothing product development.
