As a university student exactly feel bored to reading. If their teacher asked them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's spirit or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that examining is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated.
